

M.S.R.S COLLEGE, SHIRVA

Satisfaction Survey Report 2020-21

Unlike every year, Student Satisfaction Survey 2020-21 was conducted in the second week of March 2021. 'Student Satisfaction Survey' questionnaire was prepared for three stakeholders namely Students, Parents and Alumni setting 10 and 05 multiple choice questions to each category respectively. Questions pertaining to syllabus and its completion, library materials, infrastructure, staff performance, quality of internal assessment, gender sensitivity in the campus, contributions towards community development and other issues were formulated. Printed questionnaires were distributed amongst students of all classes and asked to document their frank opinion. The survey sheets were collected thereafter and analysed to formulate Satisfaction Survey Report 2020-21 in the following categories:

All stakeholders have attempted all the questions in the Satisfaction Survey Questionnaire. An examination of the received responses in each category reveals the fact that the stakeholders (students, parents, alumni) have high regard towards the staff and the facilities provided in the college. Their opinions can be codified in the following manner:

- The college and its staff have been playing a catalyst role in shaping their future.
- Appreciation about the low fee structure and quality education imparted in the college.
- High level of satisfaction about the scholarships and mid-day meals scheme.
- Appreciation about impartial and judicious methods in awarding internal assessment marks.
- Satisfaction about the adequacy of the library and its materials.
- Regard for Community Development Programmes of the college.
