

Institutional Distinctiveness 2021-22

Free Mid-Day Meal Scheme

Mulki Sunder Ram Shetty College was founded in 1980 with the vision of making higher education affordable to aspiring students from rural areas. The institution is set up in Grama Panachayat, rural area where 60% of our students belong to first generation learners and 40% of them belong to labour class who do not have the luxury of a modest breakfast every morning. The institution strongly believes that the Mid-Day Meals scheme which is very rare in higher education institutions is truly a distinctive area of the institution.

The institution has initiated 'Mid-Day Meal Scheme' to deserving students with the help of M.S.R.S College Alumni Association, Mumbai. The impact is visibly reflected. Not only there was good admission statistics from the succeeding years, but also students started attending their classes regularly and drop outs re-joined the courses. 40-50% of the admissions were for this reason. 2016-17. Thus the institution realised the distinctive expectation of students. Alumni of the institution have been very vibrant and responsible towards their alma mater. The total amount spent annually on the scheme crosses 5 lakh rupees. Separate Bank Account is maintained in the institution with the Bank of Baroda, (the erstwhile Vijaya Bank whose founder is the founder of the institution) for the purpose of Mid-Day Meal. A copy of the policy is made available in the college website.
